Outlander Diana Gabaldon 2010-12-22 Claire Randall is leading a double life. She has a husband in one century, and a lover in another... In 1945, Claire Randall, a former combat nurse, is back from the war and reunited with her husband on a second honeymoon—when she innocently touches a boulder in one of the ancient stone circles that dot the British Isles. Suddenly she is a Sassenach—an "outlander"—in a Scotland torn by war and raiding border clans in the year of our Lord...1743. Hurlled back in time by forces she cannot understand, Claire's destiny is soon inextricably intertwined with Clan MacKenzie and the forbidden Castle Leoch. She is catapulted without warning into the intrigues of lairds and spies that may threaten her life ...and shatter her heart. For here, James Fraser, a gallant young Scots warrior, shows her a passion so fierce and a love so absolute that Claire becomes a woman torn between fidelity and desire...and between two vastly different men in two irreconcilable lives.

Tourism and Responsibility Martin Mowforth 2008 The authors believe that tourism can only be adequately assessed through a consideration of how it fits into the structure of power. It is also argued that tourism cannot be analyzed without a consideration of its impacts on and links with development. This relationship between tourism, responsibility, power and development is explored in chapters covering both the macro and the micro level of responsibility. The authors look at methods of practising tourism responsibly or irresponsibly at the personal, company, national and international levels. The questions and dilemmas of "placing" responsibility in the tourism industry are examined throughout.

Zanzibar, Pemba, Mafia Chris McIntyre 2013 "Both evocative and magical, "Zanzibar" offers travellers the quintessential Indian Ocean experience; palm fringed coastlines, powder- white sand, and colourful aquatic life. Passionate about detail, Chris and Susan McIntyre have carried out extensive on-the-ground research in producing this updated edition. There has been significant growth in the number of hotels, lodges and guesthouses on all three main islands since the last edition and, consequently, the accommodation listings have increased significantly: notably in Zanzibar Town (Stone Town), Matemwe, Michamvi Peninsula, and Mafia island. They visited all the accommodation listed. With almost 300 properties featured, many are newly built and the vast majority (spanning all budget levels) do not feature in any other guide on the market. Each entry has a detailed description with a strong emphasis on guiding readers to the most ethical options. "Zanzibar" goes into far greater depth than its competitors on the natural environment, history, culture, and sights. Few other guide books cover the islands of Pemba and Mafia in any detail and yet they are easily combined in a trip. With a focus on the environment, visitors are directed towards fair-trade shopping opportunities and sustainable marine parks. This new edition also includes a dedicated section on southern Tanzanian safaris, making this guide excellent for readers looking for a bush and beach combination. Advice is given on how to be sensitive to the local Muslim culture. Bradt's guide is the most frequently and scrupulously updated guide available, vital for a destination with tourism growing and changing so rapidly" -- Publisher description.

Tales from the Haunted South Tiya Miles 2015-08-12 In this book Tiya Miles explores the popular yet troubling phenomenon of "ghost tours," frequently promoted and experienced at plantations, urban manor homes, and cemeteries throughout the South. As a staple of the tours, guides entertain paying customers by routinely relying on stories of enslaved black specters. But who are these ghosts? Examining popular sites and stories from these tours, Miles shows that haunted tales routinely appropriate and skew African American history to produce representations of slavery for commercial gain. "Dark tourism" often highlights the most sensationalist and macabre aspects of slavery, from salacious sexual ties between white masters and black women slaves to the physical abuse and torture of black bodies to the supposedly exotic nature of African spiritual practices. Because the realities of slavery are largely absent from these tours, Miles reveals how they continue to feed problematic "Old South" narratives and erase the hard truths of the Civil War era. In an incisive and engaging work, Miles uses these troubling cases to shine light on how we feel about the Civil War and race, and how the ghosts of the past are still with us.

Magical Mystery Tours Tony Bramwell 2014-12-08 Tony Bramwell's remarkable life with The Beatles began in a post-war Liverpool suburb where he was childhood friends with John, Paul and George. By the time he unexpectedly ran into George Harrison on top of a bus, Tony was well into a life story absolutely unlike any other. At Apple Record's insistence, Tony stayed with The Beatles for every step of their meteoric rise. His story has been sought for over thirty years, and here it is, detailing with an insider's shrewd eye the incomparable success and inevitable failure of the Apple empire; Brian Epstein's frolics; Ken Kessy's Merry Pranksters; Phil Spector's eccentric behaviour; as well as never-heard-before stories about Yoko Ono. 'Magical Mystery Tours' reveals fresh insights that have never been published in any of the 800 plus books already on the market, including compelling details of the early recordings and songwriting and Yoko's pursuit of John and her growing influence over The Beatles' lives. From the first number one to the last and from scraps of song lyrics to the discovery of the famous Mr Kite circus poster, this is a broad ranging account of the swinging sixties and the decade's most successful rock band.

Tours of Vietnam Scott Laderman 2008-12-26 In Tours of Vietnam, Scott Laderman demonstrates how tourist literature has shaped Americans' understanding of Vietnam and projections of United States power since the mid-twentieth century. Laderman analyzes portrayals of Vietnam's land, history, culture, economy, and people in travel narratives, U.S. military guides, and tourist guidebooks, pamphlets, and brochures. Whether implying that Vietnamese women were in need of saving by "manly" American military power or celebrating the neoliberal reforms Vietnam implemented in the 1980s, ostensibly neutral guides have repeatedly represented events, particularly those related to the Vietnam War, in ways that favor the global ambitions of the United States. Tracing a history of ideological assertions embedded in travel discourse, Laderman analyzes the use of tourism in the Republic of Vietnam as a form of Cold War cultural diplomacy by a fledgling state that, according to one pamphlet published by the Vietnamese tourism authorities, was joining the "family of free nations." He chronicles the evolution of the Defense Department pocket guides to Vietnam, the first of which, published in 1963, promoted military service in Southeast Asia by touting the exciting opportunities offered by Vietnam to sightsee, swim, hunt, and water-ski. Laderman points out that, despite historians' ongoing and well-documented uncertainty about the facts of the 1968 "Hue Massacre" during the National Liberation Front's occupation of the former imperial capital, the incident often appears in English-language guidebooks as a settled narrative of revolutionary Vietnamese atrocity. And turning to the War Remnants Museum in Ho Chi Minh City, he notes that, while most contemporary accounts concede that the United States perpetrated gruesome acts of violence in Vietnam, many tourists and travel writers still dismiss the museum's display of that record as little more than "propaganda."
